

PowerDialer

With hand dialing you can only make 30 calls per hour. Mojo's single line dialer can make 90 calls per hour and the Mojo 3-line power dialer can make up to 270. Think about how all those potential leads could impact your business.

Crystal clear call quality

First hello technology eliminates the awkward silence heard using normal autodialers

Ringless dial so all you hear are answers

LeadStore

Nothing's more frustrating than tracking down leads only to find they're old or low quality. Use Mojo Data Services to quickly access real time lead information for Expired, FSBO, Just Listed/Just Sold and Off Market listings.

- Expired Listings delivered first thing in the morning. Be ready to prospect with no need for research or hassle
- Real Time and Aged For Sale By Owner Listings
- Neighborhood Search maps prospects surrounding a Just Listed/Just Sold property
- Reverse Look Up provides instant and accurate call lists off market listings

On The Go

Mojo's Apps create a mobile mission control wherever you are. Have your contacts and dialer at your fingertips when you're at home, on the road, even on the golf course.

- Mojo on the Go gives you access to your contacts and power dialer from your iPad and iPhone.
- Mojo Voice provides you with a virtual number so you can make and receive calls from your cell phone without giving out personal information
- The Mojo ID App retrieves contact info, property details and hot notes whenever you receive a call back so you know **WHO** is calling you back and **WHY**.
